Dear Parent or Guardian,

Your child missed their Flu Nasal Spray today.

It is important to keep your children, family members and the wider community protected this Winter from the Flu virus. With COVID 19 still circulating it is important that we protect and reduce the risk of virus outbreaks.

Please can you call the number at the top of this page to book your child an appointment to have their Flu Vaccine.

**IF THE PORCENE CONTENT IS THE REASON FOR YOUR DECLINE PLEASE
CAN YOU CALL US TO DISCUSS AN ALTERNATIVE VACCINATION.**

PLEASE NOTE YOU CAN NOT GET THIS AT THE GP.

Yours sincerely,

Vaccination UK
