2. General Principles

2.1 General Data Protection Regulation 2018 ("the Act") protects an individual's rights in respect of their information. Merchant Taylors' School process large amounts of "personal data" about members of the school community. Under the Act, the school must process such personal data "fairly". This includes telling pupils and parents how their personal data will be held and used by the school. This data protection policy is intended to help meet that legal requirement. It should be noted, from the outset, that data protection should always take second place to safeguarding and child protection. If there is a potential conflict between these competing requirements, the welfare of the child is paramount.

2.2 This Policy

2.2.1 This policy is intended to provide information about how the school will use (or "process") personal data about individuals including current, past and prospective pupils; and their parents, carers or guardians (referred to in this policy as "parents"), staff and visitors. It applies in addition to the school's terms and conditions, and any other information the school may provide about a particular use of personal data. The General Data Protection Regulation (GDPR) is an EU Regulation which was to replace the current Directive and be directly applicable in all Member States, from 25th May 2018 onwards without the need for implementing national legislation. These regulations have also been incorporated into English law via the Data Protection Act, 2018.

2.2.2 Anyone who works for, or acts on behalf of, the school (including but not limited to staff, volunteers, governors and service providers) should also be aware of and comply with this data protection policy, which also provides further information about how personal data relating to those individuals will be used. Further details are in Sections 3 and 4 of this policy.

2.3 Responsibility for Data Protection

2.3.1 In accordance with the Data Protection Act 2018 ('the Act'), the school has notified the Information Commissioner's Office of its processing activities. The school's ICO registration number is Z1484349 and its registered address is ***Merchant Taylors' School Ltd.*** The School Address is Sandy Lodge Lane, Northwood, Middlesex, HA6 2AT

2.3.2 Whilst ***Merchant Taylors' School*** is the Data Controller for the school, the School has appointed the Senior Master as the Privacy Officer to ensure that all personal data is processed in compliance with this policy and the Act. In the event of any queries, the Senior Master may be contacted at the School via email: info@mtsn.org.uk or telephone, 01923 820644 or via written communication sent to the Senior Master at the School postal address.

2.4 The Principles of the Act

2.4.1 Everyone responsible for using data has to follow strict rules called ‘data protection principles’. They must make sure the information is:

- used fairly and lawfully.
- used for limited, specifically stated purposes.
- used in a way that is adequate, relevant and not excessive.
- accurate.
- kept for no longer than is absolutely necessary.
- handled according to people’s data protection rights.
- kept safe and secure.
- not transferred outside the UK without adequate protection.

2.4.2 Under GDPR, the following rights exist for individuals

- Right to be informed how data is used by the School (as set out throughout this Privacy notice).
- Right of access to personal data held by the School.
- Right of rectification where personal data can be rectified if it is inaccurate or incomplete.
- The “right of erasure” is to enable an individual to request the deletion or removal of personal data where there is no compelling reason for its continued processing.
- Right to restrict processing in order to ‘block’ or suppress processing of personal data in certain circumstances e.g. where the data is inaccurate or the processing was unlawful, so that particular data is merely held but not processed.
- Right to data portability allows individuals to obtain and reuse their personal data for their own purposes across different services.
- Right to object to processing based on legitimate interests, direct marketing or processing for purposes of scientific/historical research and statistics.
- Right to object to decisions made automated individual decision-making (making a decision solely by automated means without any human involvement).

2.5 Types of Personal Data Processed by the School

2.5 The purposes for which we use personal data and the lawful bases

2.5.1 The School uses child's and their parents’ personal data, and the personal data of an employee, contractor or visitor, in all cases extending to applicants and former parents, pupils or personnel to:

1. Teach the child and our other pupils;
2. Monitor the behaviour of the child and others and to take action where appropriate;
3. Look after the child and other people;
4. Enable the School to comply with its legal obligations, to assist in the management and operation of the School and to advance and protect the School's interests, objects and reputation;
5. Fundraise, market and promote the School. For example, by using photos of our pupils in the School prospectus, on the School's website on social media, the School Magazine or the weekly newsletter, Scissorum;
6. Form and maintain a contract between the employee and the School;
7. Comply with Safeguarding, Child Protection, Prevent and other laws and duties;

8. Comply with Health and Safety laws and duties;
9. Comply with Equal Opportunities monitoring, laws and duties;
10. Comply with legislation regarding the right to work in the UK. 2.4.2

Under data protection law, the School can only use personal data if it has a lawful basis for doing so. The lawful bases that we are relying on when handling your child's personal data are as follows:

• **Legitimate interests:** This means that the School is using personal data where this is necessary for the School's legitimate interests or someone else's legitimate interests. Specifically, the School has a legitimate interest in:

- educating and looking after its pupils;
 - complying with its agreement with a parent for a child to be at the School;
 - investigating if something has gone wrong;
 - protecting, promoting and improving the School
- This lawful basis only applies where our legitimate interests are not overridden by your or your child's interests, rights and freedoms.

Legitimate interests applies to all of the 4 purposes listed above.

• **Public task:** This allows the School to use personal data where doing so is necessary in order to perform a task in the public interest or to exercise one of our functions or powers as a school. This basis applies to purposes 1, 2, 3 and 4 above.

For example, when we teach and look after a child.

• **Legal obligation:** The School might need to use your or your child's personal data in order to comply with a legal obligation. For example, to report a safeguarding concern to Children's Services. Occasionally the School may have a legal obligation to share your or your child's personal data with third parties such as the court.

• **Vital interests:** In limited circumstances we may use your or your child's personal data to protect someone's vital interests. For example, to prevent someone from being seriously harmed or killed.

2.5.2 Detailed lawful bases for processing data

This section contains more detail about the purposes for which your or your child's personal data is used, the applicable lawful basis or bases as well as further information about sources and recipients. It does not say anything different to what's set out above but goes into more detail. We have used a coded system so that you can see which bases we are relying on for each of the purposes described at 1. to 56. below. **LI** means legitimate interests, **PI** means public task, **LO** means legal obligation and **VI** means vital interests. So (LI, PI) means that we are relying on both legitimate interests and public task for that purpose.

2.5.3 Lawful bases for processing data for parents and children Where a child is 13 years old and able to exercise their own data rights, please read 'your' for 'your child' throughout this section.

1 Our main reason for using your child's information is to provide your child and other pupils with an education (LI, PI).*

2 The School will also use your child's personal data to safeguard and promote your child's welfare and the welfare of others (for example, so that we can look after your child if they are hurt) (LI, PI, VI).*

3 We will use information about your child during the admissions process e.g. when assessing them and considering any information provided on the registration forms (LI, PI).

- 4 We may let your child's previous school know if they have been offered a place at the School. This is because they have a legitimate interest in finding out what happens to their former pupils as this will help them support their other pupils when they leave the school (LI).
- 5 The admissions forms which you complete give us personal data about your child, such as, their name, contact details, disabilities, learning disabilities, any particular difficulties they have with work, hobbies and interests, medical information (such as information about an allergy) and their family circumstances (LI, PI).
- 6 We get information from your child, their teachers and other pupils. Your child's old school also gives us information about how well your child did and any difficulties they had if we need this information to teach and take care of them (LI, PI).
- 7 Sometimes we get information from your child's doctor and other professionals where we need this to look after your child (LI, PI).
- 8 We need to tell all appropriate members of staff if your child has a health issue and use their medical information to look after them (LI, PI).
- 9 We will tell your child's teachers if your child has special educational needs or requires extra help with some tasks (LI, PI).
- 10 We will need to share information about your child (e.g. about their health and wellbeing) with the school Medical and pastoral teams (LI, PI, VI).
- 11 If we have information that your child suffers from an allergy we will use this information so that we can look after your child (LI, PI, VI).
- 12 If we have information that your child has a disability we will use information about that disability to provide support for your child, adjust our policies and take it into account when we make decisions (LI, PI).
- 13 Where appropriate, the School will have information about your child's religious beliefs or other beliefs and practices. For example, if your child does not eat certain foods (LI, PI).
- 14 We will also hold information such as your child's ethnic group for the purposes of reporting census information and celebrating our communities (LI, PI, LO).*
- 15 We use CCTV to make sure the School site is safe. Images captured of your child via CCTV will be your child's personal data. CCTV is not used in private areas such as changing rooms (LI, PI).*
- 16 We will use your child's personal data to take other steps to make sure the school site and buildings are safe, for example, we keep a record of who is believed to be on the school sites at any given time (LI, PI).*
- 17 We may share information about your child with (and get information from) health authorities, providers of healthcare services and healthcare professionals, for example, in relation to pupil immunisations. (LI, PI).
- 18 We record your child's attendance and if he or she has time away from the School we record the reason(s) why (LI, PI).
- 19 We will need to share some of your child's information with regulators and with the government (e.g. the Department for Education). We will need to tell the local authority that your child attends the School, if your child leaves the School or let them know if we have any concerns about your child's welfare. The local authority may also share information with us for these reasons (LI, LO, PI).
- 20 We may need to share information about your child with the Health and Safety Executive (a government organisation) if there is a health and safety issue at the School (LI, LO).*

- 21 The School is a charity which means that in exceptional circumstances we may need to share your child's personal data with the Charity Commission e.g. in the event of a serious incident (LI, LO, PI).*
- 22 When we are inspected by the Independent Schools Inspectorate we will have to make your child's personal data available to the inspectors to assist them with their inspection (LI, LO, PI).*
- 23 If the School receives a complaint or grievance that involves your child we will need to use their personal data to deal with this appropriately. For example, if you make a complaint or if another parent complains about an issue which involves your child (LI, PI).*
- 24 The School may share information about your child with the local authority for the purpose of the preparation, implementation and / or review of your child's Statement of Special Educational Needs or Education Health and Care Plan (LI, PI, LO).
- 25 We may use your child's personal data in connection with legal disputes (LI, PI, LO).* 26 We are legally required to provide the Department for Education with certain information about your child. Some of this information will be stored on the National Pupil Database. Organisations can request information from the National Pupil Database which includes information about your child. But they are only allowed to do this for limited purposes and they must be very careful about how they use your child's personal data. More information can be found here - [https://www.gov.uk/government/publications/national-pupil-database-user-guide-and\[1\]supporting-information](https://www.gov.uk/government/publications/national-pupil-database-user-guide-and[1]supporting-information) (LO).
- 27 We will need information about any court proceedings, court orders or criminal petitions that relate to your child. This is so that we can safeguard your child's welfare and wellbeing as well as other pupils at the School (LI, PI).
- 28 If your child is from another country we have to make sure that they have the right to study in the UK. Sometimes the government will ask us to provide information as part of our reporting requirements. In addition to this we have a duty to provide information about your child to UK Visas and Immigration who are part of the government (LI, LO, PI).
- 29 Additionally, if your child is sponsored by us under a Child Student or Student visa we will have to provide information about them to UK Visas and Immigration to comply with our duties as their sponsor (LI, LO, PI).
- 30 Depending on where your child will go when they leave us we will provide their information to other schools and colleges. For example, we will share information about your child's exam results and provide references. Any references that we provide will be confidential which means that you might not be provided with a copy (LI).
- 31 If we hold safeguarding or child protection information about your child, we will share that with your child's next school (LI, PI, LO).
- 32 If your child has a safeguarding file, we are legally required to pass this file to their next school (LI, LO, PI).
- 33 If your child takes public examinations we will need to share information about them with examination boards (including but not limited to ABRSM, Lamda and Academic Competitions such as Olympiads). For example, if your child requires extra time in exams (LI, PI).
- 34 We may need to share information with the police (and/or other law enforcement agencies) and/or our legal advisers if something goes wrong or to help with an inquiry. For example, if one of your child's classmates is injured at School or if there is a burglary (LI, LO, PI).*

- 35 We use consultants, experts and other advisors to assist the School in fulfilling its obligations and to help run the School properly. We will share your child's information with them if this is relevant to their work (LI, PI).*
- 36 If your child has misbehaved in a serious way, we may need to share information with the police (and/or other law enforcement agencies) and we may need to use information about the action taken by the police (LI, LO, PI).
- 37 We may share some information with our insurance company to make sure that we have the insurance cover that we need or in connection with an actual or possible claim (LI, PI).*
- 38 If the School is dealing with a request for information, query, complaint or grievance (e.g. from a parent), we may need to share your child's information with other parties if it is relevant and appropriate to do so. For example, with the appropriate staff, pupil or parent involved and governors (LI, PI)
- 39 If one of your child's teachers is subject to an internal disciplinary case and this has affected your child, we may need to use your child's personal data to investigate. We may also need to share your child's personal data with the government and regulators if they become involved, for example, if they need to make a decision regarding the teacher's ability to teach (LI, PI, LO).
- 40 If you are based outside of the UK and have appointed an agent to act on your behalf during the admissions process (an overseas agent), then we may share information about your child with them. For example, we may send them the acceptance letter so that they can pass this on to you (LI).
- 41 We will share your child's academic and (where fair) their behaviour records with you so you can support your child's schooling (LI, PI). If your child has behaved badly in relation to one of their classmates (e.g. we suspect bullying) then we might share information with that pupil's parents (e.g. what sanction your child has been given) (LI, PI).
- 42 If ever in the future, we are considering restructuring the charity which operates the School, we may share your child's personal data with the other parties involved and with the relevant professional advisors (LI).
- 43 We will monitor your child's use of email, the internet and any internet based platforms, as well as mobile electronic devices e.g. Surface Tablets. *
- 43.1 In certain circumstances we will look at the content of your child's communications (e.g. emails and text messages) and their electronic devices. This is to check that your child is not misbehaving when using this technology or putting themselves at risk of harm.
- 43.2 If you would like more information about this you can read the IT Acceptable Use Policy or speak to the Senior Master. The monitoring we do is carried out using computer software which will automatically tell us if something isn't right. This software monitors all devices which in use at school, and we also monitor activity carried out elsewhere using school-provided IT accounts. (LI, PI).*
- 44 The School regularly publishes photos and images (including video recordings) of our pupils. If we take a photo or video of your child, we might put this on our website, on our social media pages or in our prospectus. We do this to show prospective pupils and parents what we do here and to advertise the School (LI). *
- 45 We will continue to use these photos and videos after your child has left the School (LI, PI).*
- 46 If we would like to use a photo or video in a more unusual or high-profile way (e.g. on a banner or billboard) we will talk to you about this first. *
- 47 Sometimes we use photos and videos for teaching purposes, for example, to record a Drama lesson (LI, PI). *

48 If you have any concerns about us using photos or videos of your child please speak to the Senior Master.*

49 We publish our public exam results, sports fixtures and other news on the website and put articles and photos in the local news to tell people about what we have been doing (LI).

50 We will keep your child's contact details when they leave so we can keep them updated about what is happening at the School, to tell them about events and activities and find out how they are getting on.

51 The School must make sure that its computer systems are working well and are secure. This may involve information about your child, for example, our anti-virus software might scan files containing information about your child (LI).*

52 From time to time, we hire a third party to provide activities such as an external sports coach. We may share your child's personal data with them (LI, PI)].

53 Some of the records the School keeps and which contain your child's personal data may be used by the School (or by someone else such as the government) (LI, PI).

54 We also keep some information indefinitely for archiving purposes (this is known as "archiving in the public interest" under data protection law) and for historical research purposes.*

55.1 This includes the School's legitimate interest in research; supporting long-term accountability; enabling the discovery and availability of the School's and the wider school community's identity, memory, culture and history; enabling the establishment and maintenance of rights and obligations and of precedent decisions; educational purposes; and commercial and non-commercial re-use.*

55.2 For example, we keep some old photos so that we have a record of what the School was like in the past.

55.3 Information held in our archive may be made publicly available but this would only be done in compliance with data protection laws (LI, PI).*

56. We will share your child's personal data with the governors of the School if it concerns something they should know about or which will enable them to fulfil their role as a governor. For example, this will apply if your child has done something really well or if there is a problem at the School they need to know about (LI, PI).

As you will see from the information above, in some cases we will rely on more than one lawful basis for using your child's personal data. We use service providers to handle personal data on our behalf for the following purposes:

a) IT service providers who might access information about you when checking the security and functionality of our IT network;*

b) On educational visits, caterers may have information about any food allergies or intolerances that your child has; travel companies may have a list of staff's and pupils' names; where international travel is required, travel companies will have a list of staff's and pupils' passport details;

a) We use various software, apps and websites to help us with teaching, and to help us provide pastoral support to our pupils. For example, we use MySchool Portal and MS Teams to allow pupils to access homework which has been set by their teachers;

b) We use third party "cloud computing" services to store some information rather than the information being stored on hard drives located on the School site – for example we use ISAMS as our Management Information System, and we use the Office 365 system.*

2.5.2 Additional lawful bases for processing data for employees, contractors and visitors Many of the lawful bases set out for processing the personal data of children and parents above in section 2.5.1 also apply to employees, contractors and visitors. They are marked with an *.

There are some additional lawful bases for employees, contractors and visitors below: 1. We require sufficient information to form and maintain a contract between an employee and the School. For example, we will need bank details, details of qualifications held, etc. (LI, PI)

2. We need to comply with safeguarding, child protection, Prevent and other laws and duties. For example we need to check DBS records, training records etc. (LI, PI, LO).

3. We need to comply the other duties of employers, such as legislation regarding the right to work. For example we need to check identity documents, and where appropriate information about individuals' health records. (LI, PI , LO, VI).

2.5.3 Sensitive Personal Data The school may, from time to time, need to process "sensitive personal data" regarding individuals. Sensitive personal data includes information about an individual's physical or mental health, race or ethnic origin, political or religious beliefs, sex life, trade union membership or criminal records and proceedings. Sensitive personal data is entitled to special protection under the Act, and will only be processed by the school with the explicit consent of the appropriate individual, or as otherwise permitted by the Act.

2.6 Sending information to other countries

When the School sends personal data outside of the UK, we have to consider if the other country has the same level of protection for personal data as there is in the UK. Some countries are considered by the UK Government to have adequate rules and this includes all of the European Union and some other countries, such as, New Zealand, Norway, Switzerland and Argentina. The School sends your child's personal data to countries with adequate rules when we for example:

- Go on a trip to France and share staff and pupil personal data with activity providers and the hotel;
- Store staff and pupil personal data in cloud computer storage with servers in Ireland.] In certain circumstances, we will send your child's personal data to countries which do not have the same level of protection for personal data as there is in the UK. For example, we will:
- Store personal data in cloud computer storage with servers in the USA (this applies to some data shared by parents with the School upon initial application for a place)

If necessary we will provide you with additional details about where we are sending your child's personal data, whether the country has an adequacy finding and if not the safeguards which we have in place outside of this privacy notice.

2.7 Sensitive Personal Data

2.7.1 The school may, from time to time, need to process "sensitive personal data" regarding individuals. Sensitive personal data includes information about an individual's physical or mental health, biometric data, race or ethnic origin, political or religious beliefs, sex life, trade union membership or criminal records and proceedings. Sensitive personal data is entitled to special protection under the Act, and will only be processed by the school with the explicit consent of the appropriate individual, or as otherwise permitted by the Act.

Examples of data processing in this category may include:

- To safeguard pupils' welfare and provide appropriate pastoral (and where necessary, medical) care, and to take appropriate action in the event of an emergency, incident or accident, including by disclosing details of an individual's medical condition where it is in the individual's interests to do so: for example for medical advice, social services, insurance purposes or to organisers of school trips;
- To provide educational services in the context of any special educational needs of a pupil;
- To provide spiritual education in the context of any religious beliefs;
- In connection with employment of its staff, for example DBS checks, welfare or pension plans;
- To run any of its systems that operate on biometric data, such as for security and other forms of pupil identification (e.g. registration, catering payments, library borrowing etc.); or
- For legal and regulatory purposes (for example child protection, diversity monitoring and health and safety) and to comply with its legal obligations and duties of care.

2.8 Use of Personal Data by the School

2.8.1 The school will use (and where appropriate share with third parties) personal data about individuals for a number of purposes as part of its “legitimate interest” operations, not limited to but including as follows:

- For the purposes of pupil selection and to confirm the identity of prospective pupils and their parents;
- For the purposes of staff selection and to confirm the identity of prospective members of staff (including statutory safeguarding checks);
- To provide education services (including support for Special Educational Needs), career services, and extra-curricular activities to pupils; monitoring pupils' progress and educational needs; and maintaining relationships with alumni and the school community;
- For the purposes of management planning and forecasting, research and statistical analysis, and to enable the relevant authorities to monitor the school's performance;
- To give and receive information and references about past, current and prospective pupils, including relating to outstanding fees or payment history, to/from any educational institution that the pupil attended or where it is proposed they attend; and to provide references to potential employers of past pupils;
- To enable pupils to take part in national or other assessments, and to publish the results of public examinations or other achievements of pupils of the school;
- To safeguard pupils' welfare and provide appropriate pastoral (and where necessary, medical) care, and to take appropriate action in the event of an emergency or accident, including by disclosing details of an individual's medical condition where it is in the individual's interests to do so, for example for medical advice, to allow participation in Nationwide vaccination programmes, insurance purposes, or to organisers of school trips;
- To monitor (as appropriate) use of the school's IT and communications systems in accordance with the school's IT acceptable use policies;
- To make use of photographic images of pupils in school publications, on the school website and (where appropriate) on the school's social media channels in accordance with the school's policy and Terms and Conditions on taking, storing and using images of children;

- For security purposes, and for regulatory and legal purposes (for example child protection and health and safety) and to comply with its legal obligations; and
- Where otherwise reasonably necessary for the school's purposes, including to obtain appropriate professional advice and insurance for the school.

2.9 What decisions can you make about your or your child's personal data?

- **Correction:** if personal data held by the School about is incorrect or incomplete you can ask us to correct it.
- **Access:** you can also ask what personal data we hold about you or your child and to be provided with a copy. This is commonly known as making a subject access request. We will also give you extra information, such as why we use this personal data about you or your child, where it came from and who we have sent it to.
- **Deletion:** you can ask us to delete the personal data that we hold about you or your child in certain circumstances. For example, where we no longer need the information.
- **Portability:** you can request the transfer of your or your child's personal data to you or to a third party in a format that can be read by computer in certain circumstances.
- **Restriction:** you can request that we restrict how we use your or your child's personal data in certain circumstances. Please contact the Senior Master if you would like to know more.
- **Object:** you may object to us using your or your child's personal data where: - we are using it for direct marketing purposes (e.g. to send you an email about a fundraising opportunity); - the lawful basis on which we are relying is either legitimate interests or public task. - If we ever use your or your child's personal data for scientific or historical research purposes or statistical purposes. Please note that these rights don't apply in all cases and we won't always have to comply with your request. Like other organisations we need to keep personal data safe, up to date, only use it for what we said we would, destroy it when we no longer need it and most importantly - treat the personal data we get fairly. Please speak to the Senior Master if:

- you would like to exercise any of the rights listed above;

or

- you have any concerns about how your or your child's personal data is used or shared.

For parents: if you or your child fails to provide certain information when requested, we may not be able to perform our obligations under the contract we have entered into with you. We may also be prevented from complying with our legal obligations (such as to ensure the welfare of your child and their classmates). Failing to provide information may also adversely affect the education and care we are able to provide to your child. For employees, contractors and visitors: if you fail to provide certain information when requested, we may not be able to enter into a contract with you or facilitate a visit.

You have a right to make a complaint to the Information Commissioner's Office (ico.org.uk). If you do have any concerns about how we have handled your child's personal data we would kindly ask that you contact us in the first instance before you speak to the ICO so that we have an opportunity to put things right.

2.10 Safeguarding Practice and Information Sharing

2.10.1 Whilst the General Data Protection Regulation places duties on organisations and individuals to process personal information fairly and lawfully, it is not a barrier to sharing information where the failure to do so would result in a child or vulnerable adult being placed at risk of harm.

Similarly, human rights concerns, such as respecting the right to a private and family life would not prevent sharing where there are real safeguarding concerns. For further information, see HM Government's "*Information sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers*" (March 2015). The Local Safeguarding Children's Board (LSCB) or Safeguarding Partnerships can require an individual or body to comply with a request for information, as outlined in section 14B of the Children Act 2004. This can only take place when the information requested is for the purpose of enabling or assisting the LSCB or Safeguarding Partnership to perform its functions. Any request for information about individuals should be necessary and proportionate to the reason for the request and should be made to the Designated Safeguarding Lead who must discuss any such request with the Data Protection Officer.

Occasionally, the school will need to share personal information relating to its community with third parties, such as professional advisers (lawyers and accountants) or relevant authorities (HMRC, police or the local authority). The School also has to complete surveys issued by organisations to which it is affiliated to including the Department for Education, the Independent Schools Council, the Independent Schools Bursars' Association and the Large Independent Day Schools group. Much of the information supplied to these groups is anonymous in character. In order for School Trips to be safely and securely undertaken, it will be necessary to share limited pupil and parent data with Travel Companies, Insurers and Transport and accommodation providers. Individuals should note that this is highly likely to include copies of passports and Global or European health Insurance Cards (GHIC, EHIC). In cases such as this, the individuals should consult the data protection policies of these companies. In order support boys who may suffer a Sports Injury, the School also shares data with [Home - Return2Play](#) which specialises in Head injury and Concussion care.

Where there is an unexpected need to share pupil and parents' data with a third party, the individuals affected will be notified in advance.

For the most part, personal data collected by the school will remain within the school, and will be processed by appropriate individuals only in accordance with access protocols (i.e. on a 'need to know' basis). Particularly strict rules of access apply in the context of:

- medical records which are held and accessed only by the School Surgery, or otherwise in accordance with express parental consent; and
- pastoral or safeguarding files.

However, a certain amount of any Special Educational Needs pupil's relevant information will need to be provided to staff more widely in the context of providing the necessary care and education that this pupil requires.

Staff, pupils and parents are reminded that the school is under duties imposed by law and statutory guidance (including [Keeping Children Safe in Education](#) and the Prevent Duty) to record or report incidents and concerns that arise or are reported to it, in some cases regardless of whether they are proven, if they meet a certain threshold of seriousness in their nature or regularity. This may include

file notes on personnel or safeguarding files, and in some cases referrals to relevant authorities such as the LADO or police. For further information about this, please view the school's Safeguarding Policy.

Finally, in accordance with Data Protection Law, some of the school's processing activity is carried out on its behalf by third parties, such as IT systems, web developers or cloud storage or cloud based applications providers. This is always subject to contractual assurances that personal data will be kept securely and only in accordance with the school's specific directions.

2.11 Rights of Access to Personal Data ("Subject Access Request")

2.11.1 Individuals have the right under the Act to access personal data about them held by the school, subject to certain exemptions and limitations set out in the Act. Any individual wishing to access their personal data should put their request in writing to the DHIS. The school will endeavour to respond to any such written requests (known as "subject access requests") as soon as is reasonably practicable and in any event within statutory time-limits. If an individual believes that any information held on him or her is incorrect or incomplete, then they should write to the DHIS as soon as possible. The School will promptly correct any information found to be incorrect.

2.11.2 **Exemptions.** All members of the school community should be aware that certain data is exempt from the right of access under the Act. This may include information which identifies other individuals, or information which is subject to legal professional privilege. The school is also not required to disclose any pupil examination scripts (though examiners' comments may, in certain circumstances, be disclosed), nor any reference received by or issued from the school for the purposes of the education, training or employment of any individual.

3. Data Protection for Staff

3.1 The aim of this section is to detail how the data protection policy might affect pupils and parents of Merchant Taylors' School and should be read in conjunction with Section 2, General Principles.

3.2 Data Protection Protocols

3.2.1 The following Protocols must be adhered to at all times:

- Staff should only ever share information on a "need to know basis".
- Data protection should never be used as an excuse for not sharing information where necessary. The welfare of the child is paramount.
- Seniority does not give an automatic right to information.
- All emails may be disclosable.
- Only keep data for as long as is necessary.

3.3 Confidentiality

3.3.1 Any School information/records including details of pupils, parents and employees whether actual, potential or past, other than those contained in authorised and publicly available documents, must be kept confidential unless written consent has been obtained from the data subject by the

School. This requirement exists both during and after employment. In particular, such information for the benefit of any future employer.

3.3.2 The law states that where a teacher is facing an allegation of a criminal offence involving a pupil registered at the School, the teacher concerned is entitled to anonymity until the teacher is either charged with an offence or the anonymity is waived by the teacher. If publication is made on behalf of the School, the School, including senior management and governors could be prosecuted. If a teacher is charged with such an offence, all communication must be directed through the Head Master who will have authority to deal with the allegation and any enquiries to ensure that this restriction is not breached. If a member of staff is found to have breached (whether intentionally or otherwise) this duty, any accusations will be dealt with under the School's Disciplinary Procedure.

3.4 Off- Site Access

3.4.1 The School is required to ensure that appropriate security measures are taken against unlawful or unauthorised processing of personal data, and against the accidental loss of, or damage to, personal data. This is in relation to data belonging to all members of the school community. As such, no member of staff is permitted to remove sensitive personal data [as defined in Section 2 of this Data Protection Policy] from School premises, whether in paper or electronic form and wherever stored, without prior consent of the Head Master or Bursar (for support staff). Where a member of staff is permitted to download data off site it will need to be password protected.

3.4.2 There are exceptions where prior approval is not required:

- iSAMS, the School's data management system, may be used on personal devices provided that the device is secure and password protected.
- Remote access to the School network, where employees may work from outside the School site as long as the documents processed are not stored on personal devices.
- Access to School owned applications via a device issued to the individual by the School which may include a tablet, laptop or mobile phone.
- For pupils on off-site trips, medical information and other relevant information (e.g. passport details) may be taken by the trip leader.

3.5 Taking Photographs in Schools

3.5.1 The General Data Protection Regulation and Data Protection Act 2018 is unlikely to apply in many cases where photographs are taken in schools and other educational institutions. Fear of breaching the provisions of the Act should not be wrongly used to stop people taking photographs or videos. Where the Act does apply, a common sense approach suggests that if the photographer asks for permission to take a photograph, this will usually be enough to ensure compliance.

- Photos taken for official school use may be covered by the Act as well as the School's Terms and Conditions. Pupils should be advised why they are being taken.
- Videography is used at used at Merchant Taylors' to assist teacher training. The positioning of the video camera is such that the teacher is the focus of the footage and is chosen so that pupils cannot be identified unless the pupils actively choose to face the video camera. Pupils should notified that the filming is taking place in the lesson.

3.5.2 Personal use:

- A parent takes a photograph of their child and some friends taking part in the school Sports Day to be put in the family photo album. These images are for personal use and the Data Protection Act does not apply.
- Family members invited to the School Play or Concert where copyright restrictions do not apply and wish to video it. These images are for personal use and the Data Protection Act does not apply. (The video footage must not be uploaded into a publicly available part of the internet in order to avoid privacy and copyright violations).

3.5.3 Official school use:

- Photographs of pupils or employees are taken for building passes or identification on school coaches. These images are likely to be stored electronically with other personal data and the terms of the Act will apply.
- A small group of pupils are photographed during a science lesson and the photo is to be used in the school prospectus. This will be personal data but will not breach the Act as long as the children and/or their guardians are aware this is happening and the context in which the photo will be used. Permission is sought through the Parental contract, at which time parents are given the option to opt out. Information on who might have opted out is held by the Senior Master Staff may ask for details of who is on the list at any time.

3.5.5 Media use:

- A photograph is taken by a local newspaper of a school awards ceremony. As long as the school has agreed to this, and the children and/or their guardians are aware that photographs of those attending the ceremony may appear in the newspaper, this will not breach the Act.

3.6 What to do in the Event of a Suspected Data Breach

3.6.1 What is a ‘personal data breach’? A personal data breach is “a breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, personal data transmitted, stored or otherwise processed in connection with the provision of a public electronic communications service”. A personal data breach may mean that someone other than the school gets unauthorised access to personal data. But a personal data breach can also occur if there is unauthorised access within the school or if a member of staff accidentally alters or deletes personal data.

3.6.2 In the event of a breach, the member of staff must notify the Privacy Officer as soon as possible and certainly within 24 hours of becoming aware of the breach. This notification must include at least:

- your name and contact details;
- the date and time of the breach (or an estimate);
- the date and time you detected it;
- basic information about the type of breach; and
- basic information about the personal data concerned.

Under the terms of the Act, the School has a statutory duty to report the breach to the Information Commissioner's Office within 72 hours. In some circumstances, those people whose personal data has been unlawfully shared need to be informed too.

3.6.3 The Senior Master will then make a judgement on the best course of action which is likely to include notifying the Head Master, plus the Designated Safeguarding Lead in the event that the data breach includes pupils' details, as appropriate.

4. Data Protection for Pupils and Family

4.1 The aim of this section is to detail how the data protection policy might affect pupils and parents of Merchant Taylors' School and should be read in conjunction with Section 2, General Principles.

4.2 Keeping in Touch and Supporting the School

4.2.1 The school will use the contact details of parents, alumni and other members of the school community to keep them updated about the activities of the school, including by sending updates and newsletters such as Scissorum by email and by post. Unless the relevant individual objects, the school may also:

- Share personal data about current and past parents and/or alumni, as appropriate, with organisations set up to help establish and maintain relationships with the school community, such as the School Development Office and the Old Merchant Taylors' Society;
- Contact current and past parents and/or alumni by post and email in order to promote and raise funds for the school;
- Collect information from publicly available sources about current and past parents' and former pupils' occupation and activities, in order to maximise the school's fundraising potential.
- Occasionally carry out wealth screening using trusted third parties who review information which is in the public domain (for example, FTSE100 directorships, company directorships, property holdings, Forbes, rich lists, etc.) on our behalf. We never use the data produced by this exercise as the sole basis for sending out communications; it is a starting point for further research to identify whether someone may be interested in supporting the school, which includes considering any previous engagement with the school, philanthropic interests and previous donations. This research helps us to understand more about you as an individual so we can focus conversations we have with you about fundraising and volunteering in the most effective way.
- Use publicly available sources to carry out due diligence on donors in line with the school's Gift Acceptance Policy and to meet money laundering regulations.
- Should you wish to limit or object to any such use, or would like further information about them, please contact the Senior Master in writing.

4.3 Subject Access Requests

4.3.1 In addition to the general principles outlined in Section 2:

- Pupils can make subject access requests for their own personal data, provided that, in the reasonable opinion of the school, they have sufficient maturity to understand the request they

are making. Pupils aged 13 or over are generally assumed to have this level of maturity, although this will depend on both the child and the personal data requested. All subject access requests from pupils will therefore be considered on a case by case basis.

- A person with parental responsibility will generally be expected to make a subject access request on behalf of younger pupils. A pupil of any age may ask a parent or other representative to make a subject access request on his behalf.

4.4 Pupils' Rights

4.4.1 The rights under the Act belong to the individual to whom the data relates. However, the school will in most cases rely on parental consent to process personal data relating to pupils (if consent is required under the Act) unless, given the nature of the processing in question, and the pupil's age and understanding, it is more appropriate to rely on the pupil's consent. Parents should be aware that in such situations they may not be consulted. In general, the school will assume that pupils consent to disclosure of their personal data to their parents, e.g. for the purposes of keeping parents informed about the pupil's activities, progress and behaviour, and in the interests of the pupil's welfare, unless, in the school's opinion, there is a good reason to do otherwise. However, where a pupil seeks to raise concerns confidentially with a member of staff and expressly withholds their agreement to their personal data being disclosed to their parents, the school will maintain confidentiality unless, in the school's opinion, there is a good reason to do otherwise; for example, where the school believes disclosure will be in the best interests of the pupil or other pupils.

4.4.2 Pupils are required to respect the personal data and privacy of others, and to comply with the school's IT Acceptable Use Policy and the School rules

4.5 Queries and Complaints

4.5.1. If an individual believes that the school has not complied with this policy or acted otherwise than in accordance with the Act, they should utilise the school complaints procedure and should also notify the DHIS. The school will update this Privacy Notice from time to time. Any substantial changes that affect your rights will be provided to you directly as far as is reasonably practicable.

4.5.2 An individual can also make a referral to or lodge a complaint with the Information Commissioner's Office (ICO), Wycliffe House, Water Lane, Wilmslow, Cheshire SK9 5AF. Tel (01626) 545 700. However, the ICO recommends that steps are taken to resolve the matter with the school before involving the regulator

5. Data Retention and Storage Guidelines

5.1 In these guidelines, "record" means any document or item of data which contains evidence or information relating to the school, its staff or pupils. Some of this material will contain personal data of individuals as defined in the Act: but not all. Many, if not most, new and recent records will be created, received and stored electronically. Others (such as Certificates, Registers, or older records) will be original paper documents. The format of the record is less important than its contents and the purpose for keeping it.

5.2 Storage of Records

Records should be stored as follows:

5.2.1 Digital records.

Digital records can be lost or misappropriated in huge quantities very quickly. Access to sensitive data - or any large quantity of data - should as a minimum be stored in folders where access has been restricted. Network passwords should be complex and subject to regular change. Emails (whether they are retained electronically or printed out as part of a paper file) are also "records" and may be particularly important: whether as disclosable documents in any litigation, or as representing personal data of the sender (or subject) for data protection/data privacy purposes. Again, however, the format is secondary to the content and the purpose of keeping the document as a record. It is important to bear in mind, when creating documents and records of any sort (and particularly email), that at some point in the future those documents and records could be disclosed - whether as a result of litigation or investigation, or because of a subject access request under the Act.

5.2.2 Paper records.

Paper records should be stored in dry, cool, reasonably ventilated storage areas. Under the Act, paper records are only classed as personal data if held in a "relevant filing system". This means organised, and/or indexed, such that specific categories of personal information relating to a certain individual are readily accessible, and thus searchable as a digital database might be. By way of example, an alphabetical personnel file split into marked dividers will likely fall under this category: but a merely chronological file of correspondence may well not. However, when personal information is contained on print-outs taken from electronic files, this data has already been processed by the school and falls under the Act.

5.3 Archiving and the Destruction or Erasure of Records.

Staff given specific responsibility for the management of records must ensure, as a minimum, the following:

5.3.1 That records - whether electronic or hard copy - are stored securely as above, where possible with encryption, so that access is available only to authorised persons and the records themselves are available when required and (where necessary) searchable;

5.3.2 That important records, and large or sensitive personal databases, are not taken home or - in respect of digital data - carried or kept on portable devices (whether CDs or data sticks, or mobiles and handheld electronic tablets) unless absolutely necessary, in which case it should be subject to a risk assessment and in line with the eSafety policy (therefore written permission requested in advance less the exemptions listed);

5.3.3 That questions of back up or migration are likewise approached in line with general school policy (such as professional storage solutions or IT systems) and not individual ad hoc action;

5.3.4 That arrangements with external storage providers - whether physical or electronic (in any form, but most particularly "cloud-based" storage) - are supported by robust contractual arrangements providing for security and access;

5.3.5 That reviews are conducted on a regular basis, in line with the guidance below, to ensure that all information being kept is still relevant and - in the case of personal data - necessary for the purposes for which it is held (and if so, that it is accurate and up-to-date); and

5.3.6 That all destruction or permanent erasure of records, if undertaken by a third party, is carried out securely - with no risk of the re-use or disclosure, or re-construction, of any records or information contained in them. For confidential, sensitive or personal information to be considered securely disposed of, it must be in a condition where it cannot either be read or reconstructed. Paper records should be shredded using a cross-cutting shredder; CDs / DVDs / diskettes should be cut into pieces. Hard-copy images, AV recordings and hard disks should be dismantled and destroyed. Where third party disposal experts are used they should ideally be supervised but, in any event, under adequate contractual obligations to the school to process and dispose of the information securely.

HOW LONG WE KEEP PERSONAL DATA

The school will retain personal data securely and only in line with how long it is necessary to keep for a legitimate and lawful reason. Typically, the legal recommendation for how long to keep ordinary staff and pupil personnel files is up to 7 years following departure from the school. However, incident reports and safeguarding files will need to be kept much longer, in accordance with specific legal requirements. If you have any specific queries about how this policy is applied, or wish to request that personal data that you no longer believe to be relevant is considered for erasure, please contact the Senior Master at the School. However, please bear in mind that the school may have lawful and necessary reasons to hold on to some data.

5.4 Table of Recommended Retention Periods

Type of Record/Document	Minimum Recommended Retention Period
<u>SCHOOL-SPECIFIC RECORDS</u>	
• Registration documents of School	Permanent (or until closure of the school)
• Attendance Register	6 years from last date of entry, then archive.
• Minutes of Governors' meetings	6 years from date of meeting
• Annual curriculum	From end of year: 3 years (or 1 year for other class records: e.g. marks / timetables / assignments)
